

MIGUEL CHIAU

Jr Full Stack Developer

☎ (672) 999-0650 @ chiau.miguel@gmail.com 🔗 github.com/miguelchiau 📍 Vancouver, BC

EXPERIENCE

Front-end Developer Intern

VoPay International Inc 📅 11/2019 - 02/2020 📍 Vancouver, BC

FinTech company specializing in payment and transfer software

- Developed and updated web pages to the VoPay's website
- Developed Vopay's partners page and several email templates

Library Intern

Library - Quest University Canada 📅 2018 - 2019

📍 Squamish, BC

- Designed a thematic display to promote the library collection of books and DVDs
- Provided customer services to users to access library resources, computers and printing instructions

General Laborer

Bethel Lands Corporation 📅 2019 📍 Squamish, BC

Real Estate Developer in Sea-To-Sky corridor

- Assisted with windows installation, scaffold mount and unmount and concrete mixing
- Ensured the cleanliness of units in two five-storey buildings

Painter

Summer Operations - Quest University Canada 📅 2018

📍 Squamish, BC

- Performed painting and drywall repairs in six student dorm buildings
- Entrusted with the task of painting a 3-bedroom apartment independently
- Often achieved completion of tasks before the due date

PROJECTS

BrainFlix App

📅 08/2019 📍 Vancouver, BC

Single Page Application in React.js and Node.js

- Created a prototype app for video streaming
- Implemented an API in the back-end to retrieve and update videos data

🔗 <https://github.com/MiguelChiau/BrainFlix>

Instagram clone App

📅 10/2019 📍 Squamish, BC

Instagram clone app on MEVN (MongoDB, Express.js, Vue.js and Node.js) stack

- Implemented JSON Web Token for authentication to login to the app
- Implemented functionality to create new users and store credentials on the database
- Configured camera to take new photos, delete or upload
